

Income Eligibility Guidelines

If your gross monthly income (based on your household size) is less than or equal to the amount in the table below, you might qualify for the Supplemental Nutrition Assistance Program (SNAP). Because of changes to SNAP, most Pennsylvania households are not subject to a net income limit, nor are they subject to any resource or asset limits. This means that your household's assets (savings, retirement accounts, vehicles, etc.) are not considered in determining your eligibility for benefits. **The best way to determine if your household will qualify for SNAP is to apply.**

Please call the CEO/Weinberg Food Bank
at (570) 826-0510 or 1-800-822-0359
to apply or for more information.
